REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claim 1 is the sole independent claim. Claim 1 is considered allowable over the prior art of record by claiming the combination of a cylindrically shaped instrumentation package for collecting sea data and a laterally extending stabilizer. None of the prior art patents disclose or obviate the instantly claimed laterally extending stabilizer that contiguously fit the round outer contours of the cylindrically shaped data collecting and instrumentation package.

Dependent claims 2-5 are allowable since they further limit allowable claim 1.

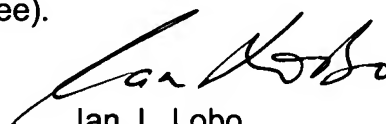

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ian J. Lobo whose telephone number is (703) 306-4161. The examiner can normally be reached on Monday - Friday, 6:30 - 3:00.
